Finding and performing stories which ask questions and make you evaluate your assumptions about people and life are what Kensington Arts Theatre was founded upon. KAT is very excited about what's next. We are searching for people seeking truths to contribute skills, visions, opinions. We are a community theater group looking for a community to help shape us. Unique ideas and convictions are what will make this group succeed.

KAT is a 501(c)(3) corporation and your contributions are tax-deductable. Please help us continue to provide quality productions for the Kensington area.
